

Practical 2

Question: Write a JavaScript program to generate the multiplication table of a given number.

Code:

```
<!DOCTYPE html>
<head>
  <script src="https://cdnjs.cloudflare.com/ajax/libs/p5.js/0.9.0/p5.min
.js"></script>
</head>
<body>
  <script>
    var num = prompt("Enter a number")
    console.log(num)
    var table=1;
    for(var i=1;i<=10;i++){
      table=num*i;
      console.log(table)
    }
  </script>
</body>
</html>
```

Output:
